3. The rejection of claims 11-22 under 35 U.S.C. 112, second paragraph is withdrawn due to applicant's amended claims.
4. The rejection of claims 11-18 under 35 U.S.C. 102(b) as being anticipated by Murphy et al., U.S. Patent Number 4,407,885 is withdrawn due to applicant's argument.

Claim Rejections - 35 USC § 112

6. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

7. Claims 11-22 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the enablement requirement. The claim(s) contains subject matter, which was not described in the specification in such a way as to enable one skilled in the art to which it pertains, or with which it is most nearly connected, to make and/or use the invention. The specification is not enabled for the fibers of the first array being impregnated with more thermoplastic particles than the fibers of the second array. The specification is enabled for the fibers of the first array being

impregnated with substantially more plastic (not particles) than the fibers of the second array (see paragraphs 14 and 16 of the specification).
